## Accurate POS Point Of Sales For Restaurants

Manage Your orders at your fingertips and get track on order status, billing status and payment status in one place

## Why Choose Accurate POS

- > Cash Payments
- > Cash Purchases
- > Order Management
- > Simplified Admin Panel

### Cash Payments

Manage your all daily cash payment expenses in one screen like payment made to an employee or payment made to a supplier.

### Cash Purchases

cash purchase tracking is an essential feature that helps businesses to monitor their daily transactions, especially those made by cash. This feature records cash transactions and generates complete receipts, which can be used as proof of payment.

### Order Management

Order management is a crucial part of any hotel Point of Sales (POS) system. With the increasing competition in the hospitality industry, it is essential to provide customers with a seamless and personalized experience. An efficient order management system enables hotels to improve their overall service quality and meet customer expectations.

### Simplified Admin Panel

As a hotel owner or manager, you need an admin panel that is easy to navigate and manage. That's why we have developed a simplified admin panel for our hotel point of sale (POS) application.

- 1.User Management
- 2.Menu Management
- 3.Reporting
